

2017 WORLD VITIVINICULTURE SITUATION

OIV STATISTICAL REPORT ON WORLD VITIVINICULTURE

**International Organisation
of Vine and Wine**
Intergovernmental Organisation

This report has been prepared by the Statistics department of the International Organisation of Vine and Wine (OIV) under the supervision of Director General Jean-Marie Aurand.

This annual statistics reports provides data on the world's vitiviniculture situation in the year 2016. It presents an overview on the global and country information on vines, grapes and wine.

The different sections in this report are notably focused on presenting the rate of production and consumption, as well as the degree of balance between these sectors in the wine market.

These data collected annually confirm the OIV's commitment to providing timely and accurate information towards the improvement of the vitiviniculture sector.

This 2016 report includes sections on:

- I. Surface Area
- II. Global grape production
- III. Wine production
- IV. Wine consumption
- V. International wine trade

The data published in this report have been harmonized with those available to the United Nations Food and Agriculture Organization (FAO). We have derived these data from a variety of sources. In hierarchical order of importance these sources are:

- data obtained from a questionnaire completed by Member States
- data from public sources, such as national statistical agencies
- data from the European Commission

Readers are welcome to use the information provided in the following pages, but are requested to cite OIV as the source.

For technical inquiries please contact stats@oiv.int

For media inquiries please contact press@oiv.int

Abbreviations used:
kha: thousand of hectares
mha: million of hectares
kt: thousand of quintals
mt: million of quintals
khl: thousand of hectoliters
mhl: million of hectoliters
bn: billion
€: euros

SURFACE AREA

Area under vines destined for the production of wine grapes, table grapes or dried grapes, in production or awaiting production

Trend of world area under vines

7.5 mha is the global area under vines in 2016

5 countries represent

50% of the world vineyard

SURFACE AREA

Area under vines destined for the production of wine grapes, table grapes or dried grapes, in production or awaiting production

Main world vineyards^{1,a}
